

BIKE WORKBOOK  
SPRING / SUMMER 2013

# INFO

**In 1974 Osprey was born in Santa Cruz, California. Quickly developing a reputation for quality and innovation, demand soon outstripped supply. In 1990 we moved to Colorado, production staffed by a small but highly skilled group of Navajo workers.**

**Ten years later the company was still growing, yet new employees and raw materials were in short supply. Osprey moved production to Ho Chi Minh, Vietnam where it remains today.**

**We are very proud of our Made in Vietnam label and our hard earned reputation for quality and innovation is as important now as it was back in 1974.**

## WARRANTY

Osprey offers a LIFETIME WARRANTY against defects in materials and craftsmanship. We have supported the same quality and performance guarantee for over 39 years. That means we will repair any pack that fails because of flawed material or construction at no charge. Our warranty does NOT cover damage due to wear and tear, claws, teeth, chemical spills, sparks from the campfire, general misuse and airline baggage handlers. We build tough packs from strong materials, but they are unlikely to last forever. Don't expect to thrash your pack for ten years and then return it to us for a free replacement. In the unlikely event of a problem with your Osprey product please either return it to your nearest Osprey dealer or contact your local Osprey distributor, you will find those details on the back page.

## GARANTIE

Osprey bietet eine lebenslange Garantie gegen Materialfehler und Verarbeitungsfehler. Wir folgen seit 39 Jahren den gleichen Qualitäts- und Leistungsstandards. Wir werden jeden Artikel kostenlos reparieren, der aufgrund von den genannten Fehlern versagt. Unsere Garantie gilt nicht für Beschädigung durch natürliche Abnutzung, Krallen, Zähne, Chemikalien, Lagerfeuer, falsche Benutzung und Fluggepäckservice. Wir bauen robuste Rucksäcke aus widerstandsfähigen Materialien aber sie sind ohne Zweifel nicht endlos haltbar. Erwarte keinen Ersatz wenn Du Deinen Rucksack nach 10 Jahren schlechter Pflege als Reklamation einsendest. Falls sich unerwarteterweise doch ein Problem mit Deinem Osprey Artikel ergibt bring ihn bitte zum nächsten Osprey-Händler oder kontaktiere das zuständige Osprey Büro.

## GARANTIE

Les sacs à dos Osprey sont garantis à vie en ce qui concerne les défauts de fabrication et de matériaux. Nous offrons les mêmes garanties en termes de qualité et de performance depuis 39 ans. Ceci veut dire que nous réparons ou remplaçons gratuitement tout sac défectueux. Notre garantie ne couvre dans aucun cas des dommages causés par l'usage, les déchirures, les produits chimiques, les étincelles du feu, l'usage abusif ou les bagagistes d'aéroport. Nous fabriquons des sacs solides avec des matériaux résistants mais une mauvaise utilisation du sac pendant 10 ans ne justifie dans aucun cas un remplacement gratuit. Si jamais vous avez un problème avec votre sac Osprey, n'hésitez pas à retourner le sac chez votre revendeur pour expertise.

# NEW FOR SPRING / SUMMER 2013

## RAPTOR & RAVEN new

A successful and pivotal point in our hydration range, this performance driven series of packs takes a step forward with design, function and style. Incorporating the new Hydraulics™ reservoir, it is another evolution in developing the ultimate hydration system.

## VIPER & VERVE new

Another well adopted hydration style benefits from a sporty face lift, an exciting and innovative improvement to the backsystem and intuitive storage solutions. Also incorporating the new Hydraulics™ reservoir resulting in a highly versatile and functional hydration system.

## HYDRAULICS™ RESERVOIR new

An improved profile offering better water control, an updated plate design providing unsurpassed stability and lighter components move this product to the forefront of the industry. A durable, taste-free and easily cleanable MPE film is another step forward in performance.

# HYDRAULICS™

Hydraulics™ revolutionary design means simple yet significant fundamentals: consistent and ergonomic water delivery during periods of high activity.

## RAPTOR & RAVEN

### Shared Features:

- New Hydraulics™ reservoir with anatomically shaped HydroStatic™ plate
- LidLock™ helmet attachment
- New drilled zipper U pulls
- Full elastic stretch sternum strap
- Magnetic sternum buckle for hose attachment
- Blinker light attachment
- Hipbelt retainer loop
- Stretch woven front pocket
- Side compression straps
- Quick access zippered top pocket
- Reflective Graphics
- Zippered hipbelt pockets

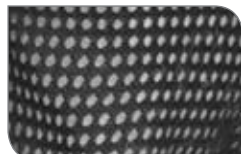

Raptor Backpanel

### Key Fabrics:

70 x 100D Nylon Shadowcheck

BioStretch™ Harness Foam

Tri-Section Foam AirScape™ Backpanel

Stretch-Woven Nylon with Lycra

## VIPER & VERVE

### Shared Features:

- New Hydraulics™ reservoir with anatomically shaped HydroStatic™ plate
- LidLock™ helmet attachment
- Asymmetric zippered hose routing on harness
- AirScape™ backpanel & Die-cut EVA flexy harness
- Magnetic sternum buckle for hose attachment
- 20mm detachable webbing belt
- Blinker light attachment
- Quick access zippered top pocket
- Reflective Graphics
- Large front zippered pocket with shove it pocket behind

Viper Backpanel

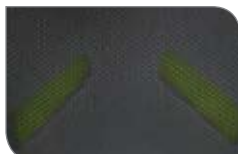

### Key Fabrics:

210D Polyester Triple Diamond Ripstop

600D Poly

Backpanel Spacer Mesh

Stretch Mesh with Reflective Logo Printing

# FEATURE SET

## HYDRAULICS™ RESERVOIR

The new Hydraulics™ reservoir has a wider/shallower profile holding the water closer to the users back, reducing offset weight and improving overall comfort. A new HydroStatic™ plate provides a more precise, stable and controlled method of hydration delivery. The full-length handle allows easy filling and loading, and the wide-mouth RapidFill™ cap and taste-free Encapsul™ material provides anti-microbial protection as well as easy filling and cleaning.

## FIT & COMFORT

Highly ventilated and supportive BioStretch™ harness and hipbelt allow free body motion with minimal pack bounce, whilst the HydraLock™ system secures the reservoir close to the back during periods of high activity.

## BIKE SPECIFIC FEATURES

Specialist pack features, such as bike specific tool pockets and Osprey's exclusive LidLock™ helmet attachment clip (Raptor/Raven & Viper/Verve), ensure that Osprey Hydraulics™ packs are fully prepared for hitting the trails on two wheels.

## REFLECTIVE GRAPHICS

Reflective graphics applied to key pack areas maximise exposure and safety when travelling during night or in low-light conditions. Bike light blinker patches provide further illumination options.

Tri-Section AirScape™ Foam

Padded Spacer Mesh Hipwings

# FEATURE SET

## FIT AND COMFORT

Die-cut Osprey BioStretch™ harness and hipbelts provide superior levels of comfort and support for quick blasts or all-day adventures. Additions such as harness technology / harness pockets provide easy access to essentials whilst on the move.

## STABILITY

Body-hugging Osprey AirScape™ backpanels keep loads close to the body's centre of gravity, providing unrivalled levels of stability and control when moving fast. Tri-section foam panels provide ventilation when necessary for the upper-back and lumbar areas.

## BIKE SPECIFIC FEATURES

Specialist pack features such as bike tool specific pockets and Osprey's exclusive LidLock™ helmet attachment clip ensure that Osprey performance packs are fully prepared for hitting the trails. Front compression pockets for body armour and full face helmet attachment (Zealot Series).

## EXTERNAL H<sub>2</sub>O SLEEVES

Easy access external H<sub>2</sub>O compartments provide hydration on the move. Hydration sleeves are fully compatible with the new Osprey Hydraulics™ Reservoir system for optimum water transportation and delivery.

## REFLECTIVE GRAPHICS

Reflective graphics applied to key pack areas maximise levels of exposure and safety whilst travelling during night or low-light conditions. Bike light blinker patches provide further illumination options. Integrated high visibility raincovers include extra reflective detailing and bike light blinker patches (Escapist and Syncro Series).

Reflective Detailing

Tri-Section Foam and Spacer Mesh

# FEATURE SET

## COMMUTE SAFETY

Reflective graphics and blinker light attachments ensure safety at night or in low light conditions whilst on the daily commute or at the end of a day on the trails.

## LAPTOP COMPATIBLE

Laptop sleeves help the user stay connected whenever and wherever, accommodating either 17" or 15.4" screen sizes. Protective foam padding ensures protection against knocks on the tube or on the trails.

## BIKE SPECIFIC FEATURES

Technical features such as Osprey's LidLock™ helmet attachment (Momentum), along with compression straps, walking pole loops and integrated raincovers (Momentum) means that Everyday and Commute packs are as at home in the hills as on the High Street.

## URBAN AESTHETIC

Technical performance wrapped up in a sharp, clean urban-friendly aesthetic. Everyday and commute packs are built to the same exacting standards as Osprey's other technical packs, but with a more individual, 'street-minded' look for the urban adventurer.

## MOMENTUM 26

carbide

bamboo

### PACK SPECIFIC FEATURES:

- LidLock™ helmet attachment
- Laptop sleeve (up to 15.4")
- Tuck away harness and hipbelt converts pack to briefcase
- Expansion baffle
